Conclusion

PlateSmart's Vehicle Identification (LPR) integrates seamlessly into Milestone XProtect allowing fast retrieval of event data for quick video review of triggered events.

About the Milestone Verification Program

The Milestone Verification Program is intended to verify the general functionality and compatibility of the partner's solution/product with the Milestone XProtect® video management software (VMS).

The technical setup, configuration, testing and operations are done by the partner and verified by Milestone.

Benefits:

- Milestone endorsement of the solution/product ensures you are choosing a solution that has been checked and verified to be working with Milestone XProtect
- Verification of your solution/product being interoperable and/or optimised for XProtect video management software(VMS)
- Differentiation from non-verified solutions/products, providing a competitive advantage
